Recycled Content and Product Origin Affidavit:

Please accept this affidavit as certification of the following (exact percentages may vary slightly from heat to heat):

- All cast grey iron products or product components contain 100% recycled iron. On average, we source 72% from post consumer sources and 28% from post industrial sources. Suppliers are located within 50 miles of our primary manufacturing facility in Tacoma, WA.
- All cast ductile iron products or product components contain 52% recycled iron.
- All cast aluminum products or product components contain 100% recycled aluminum. We source 100% from post consumer sources. Suppliers are located within 50 miles of our primary manufacturing facility in Tacoma, WA.
- All fabricated steel products or product components are produced with between 88% and 100% recycled steel. Specific percentages of post consumer and post industrial supply vary per steel shape and supplier, as does supplier location. All steel is certified domestic steel.
- All products are domestically produced at our primary manufacturing facility in Tacoma, WA (physical address is shown above).
- Urban Accessories standard powder coat finish emits zero VOC.
- All products conform to Buy America requirements. If certificates of compliance or mill certifications for steel components will be required, please include certificate of compliance request with Purchase Order.

If you have any additional questions, I am at your disposal.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian Todhunter", written over a white background.
